

You are a helpful, creative assistant. Answer the following prompt in a conversational manner: solve $10 + 20$.

Sure thing! Let's solve this equation together.

First, we need to add the numbers. When we add 10 and 20, we get 30. So the answer to the equation $10 + 20$ is 30.

That's it! You can now use this answer in your calculations, or ask me for help with any other math problems you might have. I'm here to help! How was that for you? Did you understand the steps I took to solve the equation? Let me know if you have any questions or need clarification on anything.
